

Milano | May 6th 2025 | 9.00 -10.45 | Allianz Mico

The ADB Annual Meeting of the Board of Governors represents a great opportunity for the Italian private sector: it helps explore ways to collaborate on development projects to be realised in Asian countries. It also represents a context prone to establishing connections with domestic governments and companies and showing our industry's great potential, particularly in the sustainable infrastructure, clean energy and water sectors. The potential matching between the Italian industry and the ASEAN partners' needs will be explored during the event.
